Operating Environment

All the packages except TerraSlave and TerraStereo+Spatix, are running in Windows and on top of MicroStation v8 Edition, V8i and CE; Bentley Map; Bentley Map PowerView and Bentley PowerCivil for Country CAD Environment from Bentley Systems. For further information about them, please look at https://www.terrasolid.com/ssl/download_software.php. If you need some of the Bentley's packages, please ask an offer of 'Terrasolid packages bundled with Bentley' from Terrasolid

Volume Discounts:

First bundle/ license	0 %
Second bundle/ license	-20 %
Third bundle/ license	-30 %
Fourth bundle/ license	-40 %
Fifth or more bundles/ licenses	-50 %

'Volume discounts' (below) will be applied only if you purchase several bundles/ licenses at same day.

Annual Software Maintenance Fee

The software maintenance is mandatory for the first period. Total annual maintenance fee depends on the number of copies of the packages. It will be calculated separately for each package as follows:

*Annual Maintenance Fee = 15% * Valid List Price * Number of Licenses of Package – User's Volume Discount*

The User's Volume Discount will be calculated separately for each package. The discount depends on the number of licenses as follows:

First license:	0 %
Second license:	-5%
Third license:	-10%
Fourth license:	-15%
.	
Eleventh or more:	-50%

Example: 3 pcs. TerraScan + 1 pc. TerraModeler

TerraScan:

First license	15% 5100 – 0 % =	765 €
Second license	15% 5100 – 5% =	727 €
Third license	15% 5100 – 10% =	688 €

TerraModeler:

First license	15% 3400 – 0 % =	510 €
The total fee of all licenses:		2.690 €

There's a special volume discount scheme for TerraStereo+Spatix bundle.
To get an offer of the total price and other information, please contact Terrasolid.

Academic Users like universities, high schools or such as, which use the packages only to education and research, pay only for the annual maintenance fee of one license of each application. packages. Please, ask a quote from Terrasolid.
